## SEGMENT SNAPSHOT

| Segment                       | Revenue FY26 EUR m | Gross Margin % | Contribution Margin % | Code    |
|-------------------------------|--------------------|----------------|-----------------------|---------|
| Leather Goods                 | 4260               | 26.9           | 22.8                  | SEG-LG  |
| Ready-to-Wear                 | 2060               | 24.2           | 18.9                  | SEG-RTW |
| Couture & Special Collections | 680                | 31.4           | 25.3                  | SEG-CU  |
| Beauty                        | 1740               | 20.5           | 14.8                  | SEG-BE  |
| Jewelry & Timepieces          | 1420               | 29.6           | 21.1                  | SEG-JT  |

## COMPETITION

The dashboard shows the House share declining while several named competitor codes gain share. Drill-through on SEG-LG and SEG-BE to compare price and launch timing.

## INVESTMENT

| Project | Spend EUR m                        | Expected ROI % | Actual ROI % | Site |
|---------|------------------------------------|----------------|--------------|------|
| AT-41   | Atelier Capacity Program           | 920            | 1180         | 18.0 |

| BT-62   | Beauty Formula & Packaging Lab | 390            | 455          | 12.0 |

OPERATIONS / CLIENT

TLE-02 is not used in this case. Instead use AT-41, BX-19 and OM-27 as the recurring investment anchors. A later drill-through connects AT-41 to vendor and payment records.
