

Product Portfolio Review

Category economics and lifecycle

Product portfolio

Category	FY26 Revenue EUR m	Gross Margin %	Lifecycle	Segment Code
Leather Goods	4260	26.9	Core	SEG-LG
Ready-to-Wear	2060	24.2	Core	SEG-RTW
Couture & Special Collections	680	31.4	Growth	SEG-CU
Beauty	1740	20.5	Growth	SEG-BE
Jewelry & Timepieces	1420	29.6	Growth	SEG-JT

Management observations

- Leather goods carries the largest revenue base and significant price authority.
- Beauty has faster digital demand growth but a larger channel/service cost burden.
- Jewelry offers strong gross margin but longer craft throughput.
- Couture is strategically important but not the main source of group revenue.
- R&D; project codes recur in the investment portfolio.
