DG-88	Clienteling Data Platform	260	338	16.0	9.7	Singapore / Paris
WH-14	Luxury Logistics Hub	350	402	12.5	7.9	Lyon

Red flag notes

- AT-41 is high spend and high strategic importance; site utilization is below the steady-state case assumption.
- BX-19 has high inventory/work-in-process days at the associated retail cluster.
- OM-27 has a broad global footprint with heavy digital spend.
